●

Creating a learning path: Users can select a language and a learning path from options like Welcome Lesson, Alphabet, Grammar, and Essentials. They can customise their path by adding, removing, or rearranging lessons.

●

Understanding Learning Paths in Transparent Language Online

The learning path in Transparent Language Online is a customizable sequence of lessons that users can create to tailor their learning experience to their individual needs and goals.

●

Once a user selects a language, they can build a learning path by choosing from a variety of categories, which include options like:

○

Welcome Lesson

○

Alphabet

○

Grammar

○

Essentials

-
- The available categories might vary depending on the language being learned.
-
- Within each category, there are individual lessons that the user can add or remove to personalize their path further.
-
- The user can also reorder the lessons in their path, allowing them to prioritize specific topics or skills.
-
- The platform offers flexibility by enabling users to preview the vocabulary covered in each lesson before adding it to their path.
-
- Users have control over how they progress through their learning path and can jump between different lessons rather than following a fixed, linear sequence.

This level of customization allows users to:

- - Focus on areas where they need the most practice
 -
 - Skip over content they already know
 -
 - Learn at their own pace
 -
 - Align their learning path with their specific language learning goals
- Overall, the learning path feature in Transparent Language Online is designed to empower users to take control of their learning journey and create a personalized experience that maximizes their progress and engagement.
- - **The app;** Available as a mobile app for both iOS and Android devices, which can be downloaded from the App Store.
 -
 - Offers full functionality of the Transparent Language Online platform.
 -
 - Requires users to enter their username and password created during the sign-up process to access the app.
 -
 - Automatically syncs learning progress across multiple devices.
 -
 - Transparent Language Online app can be used for learning languages on the go, anytime, anywhere, as long as there is an internet connection available.
